Photographic Permission

We regularly use photographs and videos of the band and its players for publicity, and on our website. Whilst it is not feasible to remove individuals from full band photographs (official or unofficial), we do sometimes use small group photographs, and we have a “players’ gallery” on the website. If you are happy for your child to appear in these photographs, we would be grateful if you would sign below. If not, please do not sign, but please see a band committee member to discuss.

If you would like to see photographs in use on our website, please go to
